Subject Matter

Definition of a benchmark in relation to investment funds (ESMA70-145-114 Q&A_5.6)

Question

Does the use of a benchmark to measure the performance of an investment fund include the sole mentioning of an index as a comparison?

ESMA Answer

Original language

No. ESMA considers that indices referenced in the documentation of an investment fund solely to compare the performance of the investment fund should not be included in the scope of this definition, where no investment constraint on the asset allocation of the portfolio is established in relation to the index. This is without prejudice to other European or national rules governing the mentioning of indices in fund documentation.
