No, it is not necessary to include the remuneration-related information in any annual report relating to a period that ended before 18 March 2016. For annual reports relating to periods that end on or after 18 March 2016, but before the UCITS management company has completed its first annual performance period in which it has to comply with articles 14a and 14b of the Directive, the UCITS management company should include the remuneration-related information in the report on a best efforts basis and to the extent possible, explaining the basis for any omission.
