Question

With respect to the tracking error, what type of information should existing UCITS provide for accounting periods that end within 12 months of the date of application of the guidelines if the prospectus has not been amended according to the guidelines?

Original language

[ESMA 34-43-392 UCITS Q&A, section 3, Q&A 8b]

In this situation, existing UCITS only need to provide information on the realised tracking error; information on the anticipated tracking error and any difference between the two can be reported as from the next accounting period.
