Country of issue should be interpreted as the home Member State of the issuer, as defined in Article 2(1)(i) of the Transparency Directive^[1], including where the issuer is incorporated in a third country.

^[1] Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004 on the harmonisation of transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market and amending Directive 2001/34/EC.
