Additional Information

Level 1 Regulation

Short Selling Regulation (SSR) Regulation (EU) No 236/2012

Topic

Determination of net short position

Subject Matter

Shares received under a bonus share issue or a share dividend distribution

Question

Do shares received as a consequence of a bonus share issue or share dividend distribution fall to be treated as a long position for the purposes of calculating a net short position?

Yes, as shareholders receive shares that can be used to offset short positions taken in the same issuer with other financial instruments. This may happen when, for instance, a net short position is constituted by having a long position in cash and a short position in derivatives.
