EL	Greece	Hellenic Capital Markets Commission (HCMC)	No	HCMC intends to comply partially with the Guidelines and recommendations with the exception of the table included in paragraph 4.8.4 of the Guidelines and Table 10 of Part 5 for the following reasons: in the view of HCMC certain scenarios referred to in Section 5 of the Guidelines rely solely on external credit rating agencies while external credit ratings should only be a complement to the MMF internal credit quality assessment referred to in article 10 of the MMFR. In addition, the HCMC would like to emphasize that for the assets referred to in article 10 (3) of the MMFR (those money market instruments issued or guaranteed by the Union or by certain public central authorities or central banks) a favourable assessment is not required pursuant to the internal credit quality assessment procedure laid down in articles 19 to 22 and therefore, in that specific case, external credit ratings are not required
