I	IDENTITY OF DIRECTORS, SENIOR MANAGEMENT, ADVISERS, AUDITORS AND PERSONS RESPONSIBLE FOR THE SECURITY NOTE		ESF Comments
1	Directors and senior management (company's directors; members of its administrative, supervisory or management bodies; partners with unlimited liability; nominees to serve in any of the aforementioned positions; founders if the company has been established for fewer than 5 years): names and functions.	IDS I-A	Inapplicable level of detail and duplication see Annex 4
2	Advisers that have taken part in the issue/offer: Provide the names and addresses of the company's principal bankers and legal advisers to the extent the company has a continuing relationship with such entities, the sponsor for admission to trading (where required by the host country regulations), and the legal advisers to the issue.	IDS I-B	Generally, this is not appropriate in relation to the bankers or legal advisers as it could give the impression that those bankers or legal advisers are supporting or endorsing the issue.
3	Auditors: names and addresses of the company's auditors (together with their membership in a professional body) for the period covered by the consolidated financial statements included in the prospectus, as required by the relevant schedules in accordance with national law. III KEY INFORMATION ABOUT THE ISSUER		ESF Comments
---	--	---------------------

III.A Capitalization and indebtedness		
A statement of capitalization and indebtedness (distinguishing between guaranteed and unguaranteed, secured and unsecured indebtedness and the total amount of any contingent liabilities) as of a date no earlier than 60 days prior to the date of the document shall be provided. Indebtedness also includes indirect and contingent indebtedness. An appropriate negative statement shall be given, where relevant, in the absence of any loan capital, borrowings and indebtedness and contingent liabilities.	IDS III-B	As cross-referred to in Annex 4 - Duplication
III.B Reasons for the offer and use of proceeds		
Reason for the offer and, where applicable, the estimated net amount of the proceeds and each principal intended use thereof. If the anticipated proceeds will not be sufficient to fund all the proposed purposes, the order of priority of such purpose should be given, as well as the amount and sources of other funds needed. If the company has no specific plans for the proceeds, it should discuss the principal reasons for the offering.	IDS III-C.1	The Forum considers that there should be no requirement to give a breakdown of costs as this could involve disclosing confidential pricing information. For example in relation to a transaction in which proceeds are used to purchase a portfolio of assets and hedging protection, the cost of the hedging would necessarily be disclosed as a result of this disclosure requirement which would be inappropriate.
III.C Risk Factors		
Prominent disclosure of risk factors that are specific to securities to be offered and/or admitted to trading in order to assess the market risk associated with these instruments. Provide also, if applicable, update disclosure of risk factors included in the Registration Document when useful to readers assessing the risk associated with the securities to be offered. To the extent that an item has been disclosed fully in other sections, only a summary should be included in this section and a cross reference to the section where a more detailed discussion is contained should be made.	IDS III-D	
IV.A Interests of Experts in the issue/offer		
If any of the named experts or counselors was employed on a contingent basis, owns an amount of shares in the company or its subsidiaries which is material to that person, or has a material, direct or indirect economic interest in the company or that depends on the success of the offering, provide a brief description of the nature and terms of such contingency or interest.	IDS VII-C	It is sometimes the case that the lead manager, managers or other entities involved in the issue will invest in the lower tranches of notes in an asset backed securities transaction. Such

		investments are made for a variety of reasons. However, as the lower tranches of notes usually carry the highest risks and often effectively provide protection for the higher rated notes, the Forum proposes that it should be made clear that holdings in the lowest tranches of notes in an asset backed issue are not material in the context of this disclosure item. It may be that this disclosure item is not intended to include such involvement as arguably such parties are not “experts or counsellors” in this context. However, this should be made clear.
IV.B Conflicts of interest in the issue/offer		
Provide a description of any conflict of interest in the issue, detailing the entities involved and the nature of the interest.	Members’ proposal
