

## NOTE

### MIFID DATABASE - CONTACT EMAIL ADDRESSES OF NATIONAL COMPETENT AUTHORITIES FOR MARKET PARTICIPANTS

1. Since the establishment of the database of Shares admitted to trading on EU regulated markets, CESR and the ESMA has received a large number of queries relating to the data published. The competence for providing feedback to these queries lies with the national authorities; however, ESMA recognizes that the current system makes it difficult to locate the relevant national contact. ESMA has therefore decided to establish a list of **national contacts**, to which questions pertaining to the **content of specific entries** should be sent. Please use this list to contact the relevant competent authority if you have a query regarding shares which have been included in or excluded from the list, the calculations for a specific entry or its status as liquid/not liquid
2. Please include ESMA ([alberto.garcia@esma.europa.eu](mailto:alberto.garcia@esma.europa.eu)) in copy on any emails sent to the national contacts.
3. All **general questions and questions relating to the functioning of the database** should continue to be sent to ESMA.
