1 Executive Summary

Reasons for publication

In 2019, ESMA published a draft RTS to amend Commission Delegated Regulation (EU) 2019/815 ('the RTS on ESEF') to reflect the 2019 updates to the IFRS taxonomy. This draft RTS was published in the Official Journal of the European Union on 16 December 2019 as Commission Delegated Regulation (EU) 2019/2100.

In the same way, the draft RTS contained in this Final Report follows publication of the 2020 IFRS Taxonomy in March 2020 and aims to update the taxonomy contained in the RTS on ESEF to reflect the latest available version of the IFRS Taxonomy, in order to promote electronic reporting which is up-to-date with the applicable reporting standards, thus facilitating implementation of the tagging requirements and the highest comparability of electronic financial statements drawn up in accordance with IFRS at European and at global level for end-users.

Content

The draft RTS contained in this Final Report amends or substitutes the relevant Annexes of the RTS on ESEF to reflect the latest update of the IFRS Taxonomy, i.e. its 2020 update, which was published by the IFRS Foundation on 16 March 2020.

The draft RTS provides a purely technical amendment of the original RTS. Accordingly, in line with Article 10 of the ESMA Regulation¹, ESMA did not conduct an open public consultation of the draft RTS, analysed the potential related costs and benefits nor requested the advice of the Securities and Markets Stakeholder Group because such consultations and analyses would have been highly disproportionate in relation to the scope and the impact of the draft RTS.

Next Steps

ESMA has submitted this Final Report containing in Annex I the draft RTS to the European Commission (EC). The EC has three months to decide whether to endorse the technical standard.

¹ Regulation (EU) No 1095/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84)

2 Background to the draft RTS contained in Annex I

2.1 Legal basis

1. Based on the empowerment contained in Article 4(7) of the Transparency Directive as last amended on 6 November 2013 (hereafter, the “TD”), the European Securities and Markets Authority (ESMA) published on 18 December 2017 a draft RTS specifying a single electronic format (hereafter, the ESEF) in which all annual financial reports of issuers with securities listed on regulated markets shall be prepared. That draft RTS was published in the Official Journal of the European Union on 29/05/2019 as Delegated Regulation (EU) 2019/815 (‘the RTS on ESEF’). The RTS on ESEF applies to annual financial reports containing financial statements for financial years beginning on or after 1 January 2020.
2. The draft RTS contained in Annex I is a technical update to the existing Regulation to reflect updates in the IFRS taxonomy and as such does not constitute new policy or substantial changes to existing policy. Therefore, it is also prepared on the basis of the empowerment contained in Article 4(7) of the TD.
3. In line with Article 10 of the ESMA Regulation, ESMA did not conduct an open public consultation of this draft RTS, analysed the potential related costs and benefits nor requested the advice of the Securities and Markets Stakeholder Group because such consultations and analyses would have been highly disproportionate in relation to the scope and impact of the draft RTS.

2.2 Background

4. The RTS on ESEF established that the taxonomy to be used to mark-up IFRS consolidated financial statements shall be based on the IFRS Taxonomy, which is prepared and updated by the IFRS Foundation. The IFRS Foundation annually updates the IFRS Taxonomy to reflect the issuance of new or amended IFRSs that affect IFRS Taxonomy content, the analysis of disclosures commonly reported in practice, or improvements to the general content or technology of the IFRS Taxonomy. Each annual taxonomy reflects the presentation and disclosure requirements of the IFRS Standards as issued by the International Accounting Standards Board at 1 January of that year.
5. In 2019, ESMA published a draft RTS to update the ESEF taxonomy to reflect the publication of the 2019 IFRS taxonomy published by the IASB on 27 March 2019². The

² <https://www.ifrs.org/issued-standards/ifrs-taxonomy/ifrs-taxonomy-2019/>

draft RTS was published in the Official Journal of the European Union on 16 December 2019 as Commission Delegated Regulation (EU) 2019/2100.

6. On 16 March 2020, the IFRS Foundation published the 2020 IFRS taxonomy.³

2.3 Content

7. The draft RTS contained in this Final Report amends or substitutes Annex I and Annex VI of the RTS on ESEF to reflect the 2020 update to the IFRS taxonomy.
8. This is in line with the RTS on ESEF which states that its provisions should be updated periodically on the basis of draft regulatory technical standards prepared by ESMA. The update to the taxonomy to be used for the ESEF is expected to promote electronic reporting which is up-to-date with the applicable reporting standards, thus facilitating implementation of the tagging requirements by issuers and facilitating the highest comparability of electronic financial statements drawn up in accordance with IFRS at European and at global level for end-users.
9. In order to minimise the burden for preparers, this amendment to the RTS on ESEF is mandatorily applicable for financial years beginning on or after 1 January 2021. Early application is allowed. Therefore, it is expected that for annual financial reports including financial statements beginning on or after 1 January 2020, issuers will be allowed to use either the 2019 ESEF taxonomy or the 2020 ESEF taxonomy introduced by this draft RTS. Early application is especially relevant and encouraged for issuers for whom one or more core taxonomy elements included in the 2020 ESEF taxonomy better reflects the accounting meaning of the disclosure being marked-up compared to the 2019 ESEF taxonomy. Please note that the draft RTS does not foresee the possibility to use the 2019 and the 2020 ESEF taxonomy concurrently within one single ESEF filing, but only the possibility to choose whether to early apply the 2020 ESEF taxonomy.

2.4 Next Steps

10. ESMA has submitted this Final Report to the European Commission (EC). The EC has three months to decide whether to endorse the technical standard.
11. As the IFRS Standards evolve, the IFRS Taxonomy is expected to continue to evolve in future years. Accordingly, ESMA plans to continue to update the RTS on ESEF by preparing draft RTS in future year to reflect future updates of the IFRS Taxonomy.

COMMISSION DELEGATED REGULATION (EU) .../..

of [...]

amending Delegated Regulation (EU) 2019/815 as regards the 2020 update of the taxonomy laid down in the regulatory technical standards on the single electronic reporting format

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004 on the harmonisation of transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market and amending Directive 2001/34/EC⁴, and in particular Article 4(7) thereof,

Whereas:

- (1) Commission Delegated Regulation (EU) 2019/815⁵ specifies the single electronic reporting format, as referred to in Article 4(7) of Directive 2004/109/EC, to be used for the preparation of annual financial reports by issuers. Consolidated financial statements included therein are prepared either in accordance with International Accounting Standards, which are commonly referred to as International Financial Reporting Standards ('IFRSs'), adopted pursuant to Regulation (EC) No 1606/2002 of the European Parliament and of the Council⁶, or in accordance with IFRSs as issued by the International Accounting Standards Board (IASB) which, based on Commission Decision

⁴ OJ L 390, 31.12.2004, p. 38

⁵ Commission Delegated Regulation (EU) No. 2019/815 supplementing Directive 2004/109/EC 2002 of the European Parliament and of the Council with regard to regulatory technical standards on the specification of a single electronic reporting format (OJ L143, 29.5.2019, p.1)

⁶ Regulation (EC) No 1606/2002 of the European Parliament and of the Council of 19 July 2002 on the application of international accounting standards (OJ L 243, 11.9.2002, p. 1)

2008/961/EC⁷, are considered as equivalent to IFRSs adopted pursuant to Regulation (EC) No 1606/2002

- (2) The core taxonomy to be used for the single electronic reporting format is based on the IFRS Taxonomy and is an extension of it. The IFRS Foundation annually updates the IFRS Taxonomy to reflect, amongst other developments, the issuance of new IFRSs or the amendment of existing IFRSs, the analysis of disclosures commonly reported in practice, or improvements to general content or technology of the IFRS Taxonomy. Therefore, it is necessary to update the regulatory technical standards to reflect each annual update of the IFRS Taxonomy.
- (3) In March 2020 the IFRS Foundation published the updated version of the IFRS Taxonomy. This update should therefore be reflected in Delegated Regulation (EU) 2019/815.
- (4) In order to allow enough time for the effective implementation of the requirements by issuers, and to minimise compliance costs, this Regulation should apply to annual financial reports containing financial statements for financial years beginning on or after 1 January 2021. However, issuers should be allowed to adopt the taxonomy specified in this Regulation already for financial years beginning on or after 1 January 2020.
- (5) The copyright, the database rights and any other intellectual property rights in the IFRS Taxonomy are owned by the IFRS Foundation. A copyright notice should therefore be included in Annex I to Commission Delegated Regulation (EU) 2019/815.
- (6) Delegated Regulation (EU) 2019/815 should therefore be amended accordingly.
- (7) This Regulation is based on the draft regulatory technical standard submitted by the European Securities and Markets Authority to the Commission.
- (8) This Regulation is a technical update to Commission Delegated Regulation (EU) 2019/815 to reflect updates in the IFRS taxonomy and as such does not constitute new policy or a substantial change to existing policy. ESMA has not conducted open public consultations on the draft regulatory technical standards on which this Regulation is based, analysed the potential related costs and benefits or requested the advice of the Securities and Markets Stakeholder Group established under Article 37 of Regulation (EU) No 1095/2010⁸ because doing so would have been highly disproportionate to the scope and impact of this amendment.

⁷ Commission Decision of 12 December 2008 on the use by third countries' issuers of securities of certain third country's national accounting standards and International Financial Reporting Standards to prepare their consolidated financial statements (OJ L 340, 19.12.2008, p. 112).

⁸ Regulation (EU) No 1095/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84).
