| The Investment Fund Act 2011 (InvFG 2011; Investmentfondsgesetz) regulates the activities and organisation of investment fund management companies. The InvFG 2011 is based on Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS), also known as the UCITS Directive. The management of investment funds as specified in the InvFG 2011 is defined as a banking transaction pursuant to Article 1 para. 1 no. 13 of the Austrian Banking Act (BWG; Bankwesengesetz). This is why the BWG provisions also apply to investment fund management companies, unless they are explicitly exempted. Investment fund managers (AIFMs) are specified in the Alternative Investment Fund Managers Act (AIFMG; Alternatives Investmentfonds Manager-Gesetz), which is based on Directive 2011/61/EU on Alternative Investment Fund Managers (AIFM Directive). This Directive divides investment funds within the European Union into two categories:  
  - undertakings for collective investment in transferable securities (UCITS) and  
  - alternative investment funds (AIFs).  
| The majority of AIFMs not only manage AIFs, but also UCITS. In addition, there are also alternative investment fund managers who do not manage any UCITS, but only AIFs. |
management companies are therefore considered special-purpose credit institutions. With an appropriate licence, they may also provide the investment services specified in Article 3 para. 2 nos. 1 and 2 of the Securities Supervision Act 2007 (WAG 2007; Wertpapieraufsichtsgesetz). In this case, the WAG 2007 provisions listed in Article 10 para. 5 of the InvFG 2011 must also be applied to them.

**Specific features of the InvFG 2011**

It should be noted that the InvFG 2011 not only includes regulations concerning Austrian undertakings for collective investment in transferable securities (UCITS), but also provisions on alternative investment funds (AIFs). Such AIFs could be other special assets, pension investment funds and special funds.

Most Austrian investment fund management companies not only manage UCITS, but also AIFs. Consequently, these companies are also alternative investment fund managers (AIFMs), that hold a licence pursuant to the InvFG and a licence pursuant to the Alternative Investment Fund Managers Act (AIFMG; Alternatives Investmentfonds Manager-Gesetz).

<table>
<thead>
<tr>
<th>Licensed or registered alternative investment fund managers</th>
</tr>
</thead>
<tbody>
<tr>
<td>In order to be allowed to manage AIFs, the alternative investment fund manager must be licensed as an AIFM. If the AIFM does not exceed certain threshold values with regard to the assets they manage, they may simply register their services instead of obtaining a licence. In this context it should be noted that registered AIFMs are not permitted to market any AIFs to retail investors or to engage in cross-border marketing or cross-border management.</td>
</tr>
</tbody>
</table>

**Real estate funds pursuant to the ImmoInvFG**

The Real Estate Investment Fund Act (ImmoInvFG; Immobilien-Investmentfondsgesetz) regulates the management of real estate funds by investment fund management companies. Investment fund management companies for real estate are the only companies authorised to issue and manage this type of fund. These special-purpose credit institutions possess a restricted banking licence pursuant to Article 1 para. 1 no. 13a BWG and are subject to supervision by the FMA. Real estate investment fund management companies also hold a licence pursuant to the AIFMG, as real estate funds and special real estate funds are classed as AIFs. The AIFMG provisions must therefore also be applied to real estate investment fund management companies.

### De-notification of arrangements made for marketing

Foreign UCITS whose units are marketed in Belgium may denotify the FSMA if they wish to cease marketing their units or classes of units in Belgium. To do so, the UCITS in question must submit a dossier to its home member state, and must comply with the procedure and conditions laid down in Article 156/1 of the UCITS Law.

- Units in third-country AIFs may be offered to the public in Belgium only if the provisions of Article 504 of the AIF Law are complied with.

Passporting fees are levied for the inward marketing in Belgium of public AIFs.

### Prior authorization for marketing

- In the event that units of AIFs are marketed as part of a public offer, prior authorization from the FSMA is required.

### Verification of marketing communications by the authority

- **AIFs of a closed-ended type**: FAQs FSMA_2021_09 of 1/04/2021 outlines which advertisements and other documents and announcements must receive prior approval by the FSMA.

according with the AIFM Directive (2011/61/EC) and the Finnish Act on alternative investment fund managers (162/2014, the AIFM Act) (https://www.edilex.fi/lainsaadanto/20140162). EEA AIFMs may market their units in Finland in accordance with the notification procedure according to Article 32 of the AIFM directive (2011/61/EC) and Chapters 12 and 19, section 5 of the AIFM Act.

Notification procedure

Authorised EEA AIFMs may market AIFs under their management to professional investors in Finland. An EEA AIFM must submit a notification letter and the annex documents to the competent authority of its home country. The notification letter is to be drafted in English. The competent authority of the home country inspects the material and submits it in an electronic format to the FIN-FSA (AIFM.notifications(at)fiva.fi). The marketing of an AIF may begin when the manager has received an announcement to that effect from the competent authority of its home state.

Marketing to non-professional

If EEA AIFMs intend to market AIFs under their management also to non-professional investors in Finland, they must also observe the provisions of chapter 13 of the AIFM Act in their marketing. In this case the notification is submitted to FIN-FSA directly. The marketing of an AIF may begin when the manager has received an announcement to that effect from FIN-FSA.

Registered EEA AIF Managers, chapter 19, section 5, subsection 4 of AIFM Act, Article 32 AIFMD
A registered EEA AIFM may market units of an AIF, which is established in an EEA state, in Finland to professional investors after submitting a written notification to the FIN-FSA. The notification must include a statement indicating that: In the marketing of AIFs, the manager of AIFs will comply with the provisions of chapter 12, sections 2 - 11 of the AIFM Act;

With respect to each AIF under its management, the AIFM complies with the provisions laid down in chapter 5, section 4, chapter 11, sections 1 and 2 as well as chapter 1, section 8 and chapter 18. The marketing of an AIF may begin when the manager has received an announcement to that effect from the FIN-FSA.

2. Notification and prior approval of marketing communications

The FIN-FSA does not require notification or prior approval of marketing communications for AIFs. In addition to this, the AIFM must comply with article 4 of the regulation (EU) 2019/1156 on requirements for marketing communications. Under Article 7 of the regulation (EU) 2019/1156 the FIN-FSA has a right to require prior notice of the marketing material used by the management company.

3. Marketing to retail or to professional investors

An authorised EEA-AIFM that intends to market an AIF it manages to retail investors in Finland, must make application to the FIN-FSA in writing and marketing of units in Finland to retail investors may not take place until the AIF has received a letter of approval from the FIN-FSA. A registered EEA AIFM may market units
of an AIF, which is established in an EEA state, in Finland to professional investors after submitting a written notification to the FIN-FSA. The marketing of an AIF may begin when the manager has received an announcement to that effect from the FIN-FSA. If EEA AIFMs intend to market AIFs under their management also to non-professional investors in Finland, they must also observe the provisions of chapter 13 of the AIFM Act in their marketing. In this case the notification is submitted to FIN-FSA directly. The marketing of an AIF may begin when the manager has received an announcement to that effect from FIN-FSA.

4. Additional requirements applicable in particular to the marketing of certain categories of AIFs that exist under national law (e.g. private equity or real estate AIFs)

The FIN-FSA’s regulatory framework does not contain additional rules related to the marketing of certain categories of AIFs.

AIFMs must ensure compliance with the following national regulations when marketing AIFs in Finland:

The Authority carries out an ex-post review of marketing communications issued by regulated entities and as such, marketing communications are not subject to prior notification and approval. In this regard, it is pertinent to note that it is the responsibility of the UCITS Management Company to review and ensure that the marketing material is in line with the applicable requirements before such material is issued and/or posted on social media platforms.

The Authority will contact the UCITS Management Company if such marketing material is deemed as being non-compliant with the applicable requirements and may also indicate the remedial action to be taken.

c) Marketing to Retail Investors and Professional Investors

As from 2 August 2021, in terms of Article 4 of the Cross-Border Distribution of Funds Regulation, AIFMs are required to ensure that all marketing communications addressed to investors, including professional investors, are identifiable as such and describe the risks and rewards of purchasing units or shares of an AIF in an equally prominent manner, and that all information is fair, clear and not misleading.

To supplement the above, on 27 May 2021, ESMA published its Guidelines under the Cross-Border Distribution of Fund Regulation, specifying the requirements that funds’ marketing communications must meet. It is to note that such Guidelines will become applicable 6 months after the date of the publication of the translations.

AIFMs shall note that the SLC 3.14 Part BIII has been introduced to include a reference to the new marketing requirements emanating from the CBDF Regulation and the Guidelines on Marketing Communications.
Furthermore, AIFMs managing Retail AIFs should also refer to Section 10 of Part BIII of the Investment Services Rules for Investment Services Providers which sets out further rules relating to disclosure requirements for marketing communications and information provided to retail clients. In addition to minimum disclosure requirements and information to be provided, such rules also set out, *inter alia*, other requirements relating to record keeping for marketing communications as well as conditions to be satisfied when providing information to retail investors relating to past or future performance.

public must be made available in Dutch or in English. The AFM must be informed of changes in the data contained in the original notification and of the suspension of the repurchase or redemption of units in a UCITS. A management company of a UCITS established in another Member State, who intends to offer that UCITS to investors in the Netherlands, must comply with the requirements of Section 92 and 93 of the UCITS Directive. The withdrawal of a European Passport for the offering of units in a UCITS must comply with the requirements of Section 93a, first paragraph, of the UCITS Directive.

A manager of an AIF with its registered office in another Member State informs the AFM if there is a suspension of the repurchase or redemption of units in an AIF managed by it. A number of ongoing requirements also apply to non-EU managers who offer AIFs on the basis of Section 1:13b of the Wft. For example, there is a periodic reporting obligation. An EU manager of an AIF managed by him and having its registered office in another Member State, who intends to offer this AIF to investors in the Netherlands, must comply with the requirements of Section 32 and 33 of the AIFMD Directive. The withdrawal of a European Passport for the offering of units must comply with the requirements of Section 32a, first paragraph of the AIFMD Directive. An EU manager wishing to offer an AIF managed by it and having its registered office in another Member State in the Netherlands to retail investors must also comply with the requirements of Section 32 and 33 of the AIFMD Directive. In addition, the manager must report this intention to the AFM. An EU licensed manager who wants to offer a non-EU AIF in the Netherlands must report this to the AFM.

Foreign managers of AIFs or AIFs originating from a designated state that wish to offer units in the Netherlands can, under certain circumstances, make use of the designated state regime as set out in the Wft. An AIFM that uses this regime is exempt from the licence requirement but will have to comply with a number of ongoing obligations. When the top-up retail requirements are met, an AIF may also be offered to non-professional investors in the Netherlands.

A manager of an AIF, a EuVECA fund or an EuSEF fund who wishes to proceed with pre-marketing must report this to the AFM no later than two weeks after he has proceeded to pre-marketing. The obligation does not apply to a
manager who uses the registration regime and does not manage or wish to manage a EuVECA fund or EuSEF fund. Third parties may pre-market on behalf of a manager under the CBDF Directive only if they are authorised as an investment firm, as a credit institution, as a UCITS management company, as a manager of an AIF, or as a tied agent of an investment firm. If, within 18 months of pre-marketing, subscriptions are made to AIFs that have been the subject of pre-marketing, this shall be considered as a result of the marketing. In addition, for a period of 36 months after de-notification, no pre-marketing may be done with regard to the denotified AIF, EuVECA or EuSEF.
