Notes for editors

1. Further details of the work of the standing committees can be found on ESMA’s website.
2. ESMA’s mission is to enhance investor protection and promote stable and orderly financial markets.

It achieves these objectives through four activities:

i. assessing risks to investors, markets and financial stability;
ii. completing a single rulebook for EU financial markets;
iii. promoting supervisory convergence; and
iv. directly supervising specific financial entities.

3. ESMA achieves its mission within the European System of Financial Supervision (ESFS) through active cooperation with the European Banking Authority (EBA), the European Insurance and Occupational Pensions Authority (EIOPA), the European Systemic Risk Board, and with national authorities with competencies in securities markets (NCAs).
