

PRESS RELEASE

ESMA's supervision focuses on outstanding credit ratings, data quality and third country CCPs

The European Securities and Markets Authority (ESMA) has published its 2020 Supervision Work Programme, detailing the areas of focus for its supervision of Credit Rating Agencies (CRAs), Trade Repositories (TRs) and the monitoring of third-country Central Clearing Counterparties (TC-CCPs) and Central Securities Depositories (TC-CSDs). ESMA is also preparing for its new supervisory responsibilities under the Securities Financing Transactions Regulation (SFTR), the Securitisation Regulation (SECR), the Benchmarks Regulation and MiFIR.

Key Supervisory Priorities for 2020

ESMA's supervisory focus will include:

- CRAs – outstanding ratings, the rating process, cybersecurity, usability of ratings, internal control environment;
- TRs – data quality; IT systems reliability; business continuity planning and information security;
- SFTR/SECR – assessment of first SFTR and SECR applications and the implementation of the new supervisory frameworks;
- TC-CCPs & TC-CSDs – assessment of application of the clearing obligation; Brexit preparations and possible direct supervision of Tier 2 TC-CCPs under EMIR 2.2

In addition, ESMA will continue to engage with supervised entities about their preparation for the end of the Brexit implementation period and ensure minimal disruption.

Steven Maijoor, Chair, said:

“ESMA is now in its tenth year as a pan-European supervisor and we have continued to progress in our supervision of CRAs and TRs and effect improvements in CRAs and TRs conduct as seen in our recent work on fees,

Brexit contingency plans, review of CLO credit ratings and TR data quality.

“I believe that our performance in those ten years was a key factor in the European institutions decision to increase ESMA’s supervisory responsibilities under the ESAs Review. We now look forward to building on our experience with CRAs and TRs to transition to the new role of securitisation repositories and critical EU benchmarks supervisor and continue, through this work, to play our role in ensuring orderly markets, investor protection and financial stability.”

Main priorities for 2020

For 2020, the supervisory priorities will include:

Credit Rating Agencies

- Proactive identification of risks in outstanding credit ratings;
- Ensure CRAs have robust and well-structured rating processes;
- Address identified concerns on IT and information security in CRAs;
- Ensure credit ratings are accessible and usable for investors;
- Organisation and independence of CRAs’ control functions;

Trade Repositories

- Data quality and access by authorities, with a focus on the Data Quality Action Plan;
- Assess/monitor internal controls around IT processes and software changes;
- Effectiveness of the Information Security function and business continuity and disaster recovery plans;

Third Country CCPs & CSDs

- Monitoring the impact of Brexit on the TC-CCP and TC-CSD regimes;
- Set-up of the new processes corresponding to EMIR 2.2 recognition;
- Reassessment of recognition decisions (including UK-based CCPs, if necessary);

- Set-up and implementation of the new monitoring of Tier 2 CCPs;
- Monitoring of the potential risks TC-CCPs might introduce in the EU for Tier 1; and
- Assessment of possible recognition applications submitted by TC-CSDs, following EC equivalence decisions in respect of the TC-CSDs' jurisdictions.

Notes for editors

1. [ESMA80-199-332 ESMA Supervision Annual Report 2019 and Work Programme 2020](#)
2. Credit Rating Agencies (CRAs) – ESMA currently supervises 27 registered and 4 certified CRAs. In 2019, it registered 2 new CRAs and withdrew 3 registrations.
3. Trade Repositories (TRs) – ESMA currently supervises 9 registered TRs. During 2019, it registered 2 new TRs and withdrew 1 registration.
4. [ESMA fines Fitch €5,132,500 for breaches of conflict of interest requirements](#)
5. ESMA's mission is to enhance investor protection and promote stable and orderly financial markets.
6. It achieves these objectives through four activities:
 - a. assessing risks to investors, markets and financial stability;
 - b. completing a single rulebook for EU financial markets;
 - c. promoting supervisory convergence; and
 - d. directly supervising specific financial entities.
7. ESMA achieves its mission within the European System of Financial Supervision (ESFS) through active cooperation with the European Banking Authority (EBA), the European Insurance and Occupational Pensions Authority (EIOPA), the European Systemic Risk Board, and with national authorities with competencies in securities markets (NCAs).
